

SEG

ESTD 1982

SAFETY ELECTRICAL GROUP

مجموعة السلامة الكهربائية

A modern, two-story office building with a tan-colored facade. The building features a central entrance with a paved walkway leading to a set of stairs. The entrance is flanked by two decorative lanterns. The building is surrounded by greenery, including trees and a lawn. The sky is clear and blue.

SAFETY ELECTRICAL GROUP

WELCOME TO SAFETY ELECTRICAL GROUP (SEG)

Journey So Far....

- Established in September 1982.
- Currently have Six (6) Major Business Verticals
 - Electrical Component (Switchgear & Control Products)
 - Lighting & Wiring Accessories
 - Sheet Metal Manufacturing
 - Switchgear Assembling
 - Oil & Gas established in FY- 2014
- Newly established Business Division
 - Medium Voltage established in FY-2015
- ASTA certified panel builder
- More than 1000+ Customers across MENA Region.
- Group has over 200 employees.
- Global HQ & Logistic Center located at Techno Park, Dubai
- Currently Eight (8) Retail Locations – Three (3) in Dubai, Two (2) in Sharjah and One (1) each in Al Ain, Ras Al-Khaimah (RAK) & Kalba.

Our Business Verticals

SEG Lighting Division

LIGHTING

Chandeliers & Wall Fittings

LIGHTING

Garden, Gate & Outdoor Lighting

Engineering..... R

Project Lighting Solutions

Complete Lighting Solutions for all Applications.

- Home
- Offices
- Retail
- Industrial
- Street Lighting
- Commercial
- Industrial Application

LED Lighting Solutions

- Lamps
- LED Retrofit Lamps
- Indoor Modules & Dimmers
- Home, Deco & Living Lights
- Light Management Systems
- Outdoor Luminaries
- Indoor Luminaries
- Specialty Lamps

Wiring Accessories

- Consumer Units
- Access Control Systems
- Switches & Sockets
- Protection Devices
- Weather Proof Units
- Door Video Intercom Systems

Industrial & Domestic Fans

- **Ceiling Fans**
- **Pedestal Fans**
- **Wall Fans**
- **Exhaust Fans**
- **Industrial Fans**
- **Remote Control Fans**
- **Exhaust Fans**

Industrial & Agri Pumps

4",6",8",10",12" Stainless Steel Submersible Pumps

SEG Medium Voltage Division

Medium Voltage Offering

HYOSUNG

ELATEC
POWER DISTRIBUTION

AuCom

ERL

FEAG

Ring Main Unit

- Designed for MV network up to 24 kV, power stations and all the important industries.
- RMU has been successfully Type Tested in institutes around the world, including KEMA laboratory.
- The RMU's are tested at Short circuit current of 21.5kA-3s & 25kA- 1s.
- Microprocessor based LASER welding is used for stainless steel gas tank, which is superior to Robotic/Manual TIG welding.
- This ensures complete leak-tight gas tank for the entire product life of 20 years.

MEDIUM VOLTAGE

Medium Voltage Switchgear

- Fully Type Tested MV Switchgear up to 36 KV.
- AIS and GIS Type.
- Approved in Utility with project references around Middle East.

Engineering..... Relationships & Beyond

MEDIUM VOLTAGE

Medium Voltage Starters

- All starters are rated up to 17.5 KV.
- Fully Type Tested as per IEC Standards.
- The soft starter is the smallest medium voltage soft-starter in its class, with a smaller panel footprint than any other MV soft starter in the market today
- Types of starters offered
- Direct On line Starter (DOL Starters).
- Auto Transformer Starters.
- Solid State Starters.
- Multi motor Starters.

Medium Voltage Drive

- Multi Level, pulse width modulation with phase shift transformer.
- High efficiency and power factor at partial loads.
- Low harmonics- IEEE519 compliance.
- Low dv/dt, hence no motor derating or motor cable length restriction.
- Rated up to IP55.
- Redundancy in Automatic cell bypass.

SWITCHGEAR

ASTA CERTIFICATION

SALIENT FEATURES

- **As per latest IEC-61439-2 with Natural ventilation technique**
- **Approved in ADDC & ADWEA**
- **Assembled in an enclosure manufactured by In-house sheet metal facility.**

SEG Oil & Gas Division

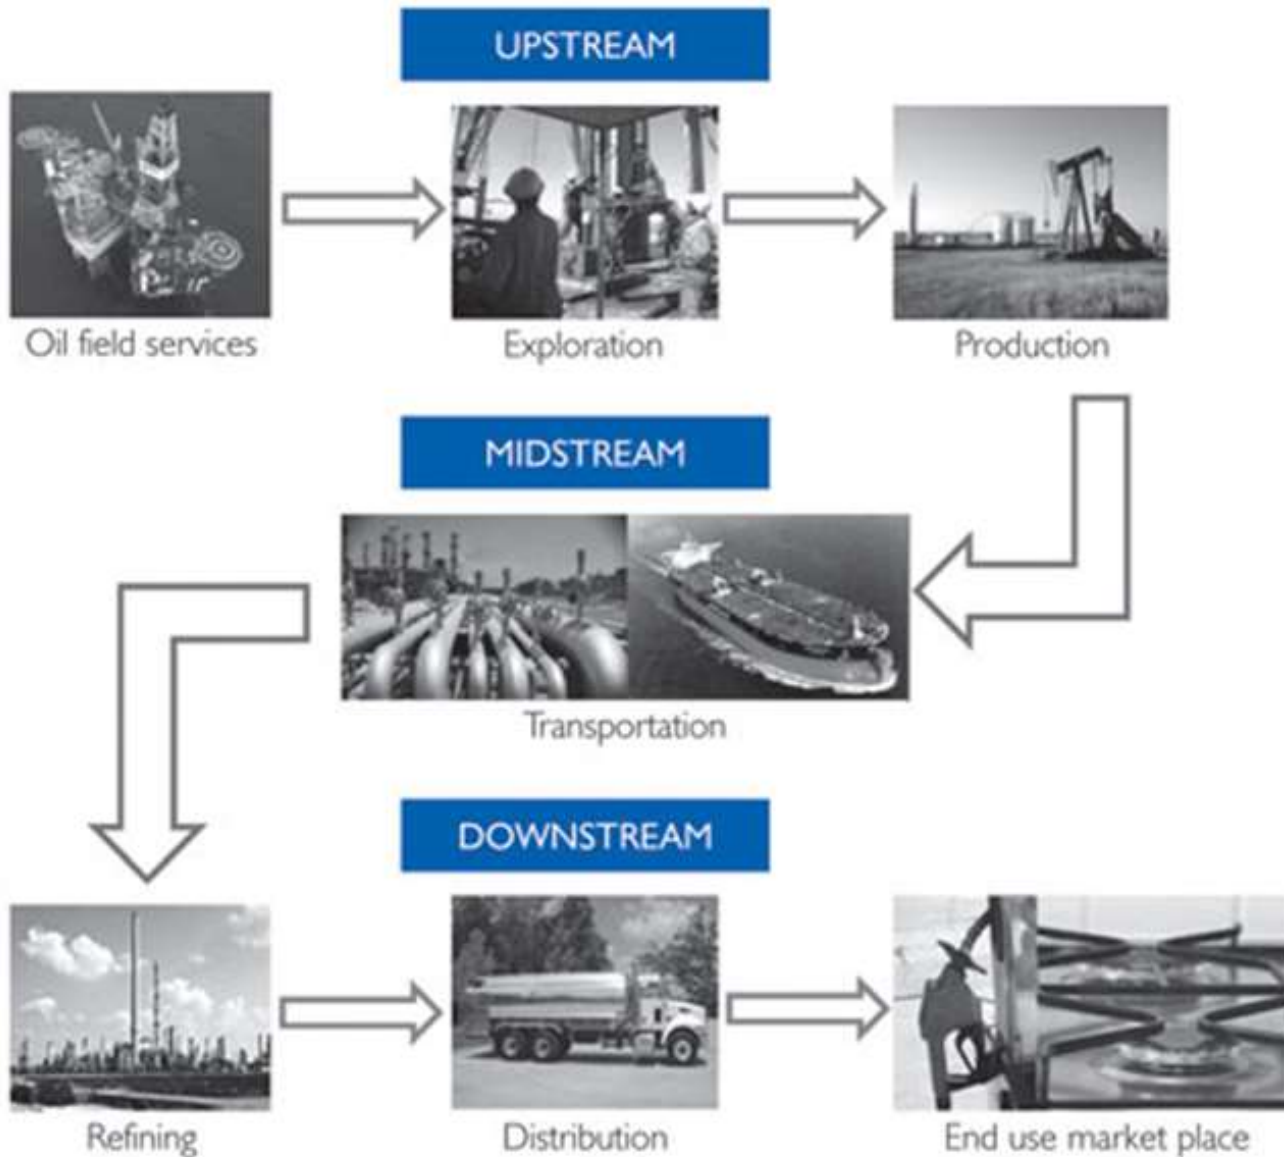

OIL & GAS

Overview

SEG

مجموعة الأمان الكهربائية
SAFETY ELECTRICAL GROUP

Dust Zones

OIL & GAS

ZONE 20

ZONE 20 Permanent / Frequent

Area in which an explosive atmosphere in the form of a cloud of combustible dust in air is present continuously, or for long periods, or frequently.

ZONE 21

ZONE 21 Occasional

Area in which an explosive atmosphere, in the form of a cloud of combustible dust in air is likely to occur, occasionally, in normal operation, occasionally.

ZONE 22

ZONE 22 Dust Irregular / Short Duration

Area in which an explosive atmosphere, in the form of a cloud of combustible dust in air is not likely to occur in normal operation but, if it does occur, will persist for a short period only.

Gas Zones

OIL & GAS

SEG

مجموعة الأمان الكهربائية
SAFETY ELECTRICAL GROUP

FOR GASES & VAPOURS

ZONE 0 Permanent / Frequent
Place in which an explosive atmosphere consisting of a mixture with air of flammable substances in the form of gas, vapour or mist is present continuously or for long periods, or frequently.

ZONE 1 Occasional
Site where an atmosphere consisting of a mixture of air and inflammable substances in the form of gas, vapour or mist is likely to arise occasionally during normal operation.

ZONE 2 Gas Irregular / Short Duration
Place in which an explosive atmosphere consisting of a mixture with air of flammable substances in the form of gas, vapour or mist is not likely to occur in normal operation but, if it does occur, will persist for a short period only.

Hazlux®

Torsion X
EXTREME BOLTING FORCE

SHAND

- Explosion Proof Lighting and Conduits.
- Customized Explosion Proof Junction Boxes & Control Panels.
- Hydraulic Torque Wrenches and Bolting Solutions.
- Clean Break Couplings.

OIL & GAS

- Complete range of Explosion Proof Lighting including Tubular Fittings, Floodlights, Beacon & Warning Lights and LED Light Fittings for hazardous and safe area environments.

Engineering..... Relationships & Beyond

OIL & GAS

- Explosion Proof Enclosures, Junction Boxes and Control Panels customizable to application and client requirements.
- Available in Stainless Steel, Aluminum and GRP.

Engineering..... Relationships & Beyond

OIL & GAS

- Conduits and Fittings meeting the highest industry standards and specifications for use in hazardous areas.

Engineering..... Relationships & Beyond

OIL & GAS

- Hydraulic Torque Wrenches for any bolting application and industry.
- Portable and Lightweight solution suitable for use in any condition including onshore & offshore rigs and refineries.

OIL & GAS

SHAND *Clear* BREAK

SEG
مجموعة الأمان الكهربائية
SAFETY ELECTRICAL GROUP

- Spill Prevention Couplings for safe, efficient and environmentally friendly distribution and transfer solution.
- Lightweight and sleek ergonomic design capable of withstanding high working pressures up to 25 Bar (363 psi).
